

Map Holder for MTB Classic

Mountain Bike Orienteering

Robust and stable map holder for Adventure Racing Navigators who demand the best.

Weight: Holder 265g, standard map case 150g.
Durable and versatile. Fits standard and oversize handlebars up to 35mm diameter.

Designed and manufactured in Sweden

Vibration of the map case while riding is prevented by a stand furnished with felt creating a concave surface.

360* Turnable map case.
Size: A4+ 225 x 305 mm.

Transparent - Ideal compromise for maximum map area without obscuring vision of the trail ahead.

Locking device for a quick and easy mounting and dismantling of the map holder.

The map case is locked with press studs.

NB:
Ensure that the locking is in the correct position around the larger hook of the handlebar mount.

The handlebar clamp can be left on the bike when the map holder is removed and is easy to dismantle without any tools.
